Dear Mr. Weston:

Enclosed please find your copy of the completed mineral materials sales contract for 5,000 tons of limestone aggregate at your Black Rock site, T. 23 S., R. 10 W., SLB&M. I understand that you may be interested in moving the operation to a different location before the five year term of the contract and may not remove the entire contracted 5,000 tons. Should your change of location occur and you fail to remove the full contracted amount, a refund may be arranged provided all other terms of the contract are fulfilled, particularly reclamation of the site.

With the completion of this contract your Surface Management Plan of Operation Bureau of Land Management (BLM) serial number UTU 79872 will be replaced by BLM Negotiated Sale serial number UTU 88731. The reclamation liability, the \$9,000 certificate of deposit held by the BLM and the \$17,200 in cash held by the Utah Division of Oil Gas and Mining for their small mine plan S/027/0088 as financial guarantee will be transferred to the Negotiated Sale. Once the transfer is complete, the file on the BLM Plan of Operation serial number UTU 79872 will be closed.

If you have any questions, please feel free to call me at 435-743-3125.

Sincerely,

Michael D. Gates  
Field Manager
